Executive Summary

As part of its transportation planning process, the Kalamazoo Area Transportation Study (KATS) and the Battle Creek Area Transportation Study (BCATS) and relevant portions of the State Transportation Improvement Plan (STIP) completed the transportation conformity process for the new 2026-2029 Transportation Improvement Programs (TIPs) as well as the KATS 2050 Metropolitan Transportation Plan (MTP), and BCATS 2045 MTP.

This report documents that the KATS 2050 MTP, BCATS 2045 MTP, and both associated 2026-2029 TIPs, as well as the STIP in Calhoun and Van Buren County meet the federal transportation conformity requirements in 40 CFR Part 93 Subpart A.

Clean Air Act (CAA) section 176(c) (42 U.S.C. 7506(c)) requires federally funded or approved highway and transit activities are consistent with (“conform to”) the purpose of the State Implementation Plan (SIP). Conformity to the purpose of the SIP means that transportation activities will not cause or contribute to new air quality violations, worsen existing violations, or delay timely attainment of the relevant National Ambient Air Quality Standard (NAAQS) or any interim milestones. 42 U.S.C. 7506(c)(1). The United States Environmental Protection Agency’s (EPA) transportation conformity rules establish the criteria and procedures for determining whether Metropolitan Transportation Plan (MTPs), TIPs, and federally supported highway and transit projects conform to the SIP, 40 CFR Parts 51.390 and 93.

On Feb. 16, 2018, the United States Court of Appeals for the District of Columbia Circuit in *South Coast Air Quality Mgmt. District v. EPA* (“*South Coast II*,” 882 F.3d 1138) held that transportation conformity determinations must be made in areas that were either nonattainment or maintenance for the 1997 ozone NAAQS and attainment for the 2008 ozone NAAQS when the 1997 ozone NAAQS was revoked. These conformity determinations were required in these areas after Feb. 16, 2019. The Kalamazoo – Battle Creek area (Calhoun, Kalamazoo and Van Buren counties) was in maintenance at the time of the 1997 ozone NAAQS revocation on April 6, 2015, and was also designated attainment for the 2008 ozone NAAQS on May 21, 2012, and designated attainment for the 2015 ozone NAAQS on Jan. 16 and Aug. 3, 2018. Therefore, per the *South Coast II* decision, this conformity determination is being made for the 1997 ozone NAAQS on the MTPs and TIPs and projects.

This conformity determination was completed consistent with CAA requirements, existing associated regulations at 40 CFR Parts 51.390 and 93, and the *South Coast II* decision, according to EPA’s *Transportation Conformity Guidance for the South Coast II Court Decision* issued on November 29, 2018.

1.0 Background

1.1 Transportation Conformity Process

The concept of transportation conformity was introduced in the CAA of 1977, which included a provision to ensure that transportation investments conform to a SIP for meeting the federal air quality standards. Conformity requirements were made substantially more rigorous in the CAA Amendments of 1990. The transportation conformity regulations that detail implementation of the CAA requirements were first issued in November 1993 and have been amended several times. The regulations establish the criteria and procedures for transportation agencies to demonstrate that air pollutant emissions from MTPs, TIPs and projects are consistent with (“conform to”) the state’s air quality goals in the SIP.

Transportation conformity is required under CAA Section 176(c) to ensure that federally supported transportation activities are consistent with (“conform to”) the purpose of a state’s SIP. Transportation conformity establishes the framework for improving air quality to protect public health and the environment. Conformity to the purpose of the SIP means Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) funding and approvals are given to highway and transit activities that will not cause new air quality violations, worsen existing air quality violations, or delay timely attainment of the relevant air quality standard, or any interim milestone.

1.2 Conformity Area

The conformity area consists of three counties: Calhoun, Kalamazoo and Van Buren. Within the boundary are the metropolitan planning organizations (MPOs) of the Kalamazoo Area Transportation Study (KATS) and Battle Creek Area Transportation Study (BCATS), and rural projects contained in the STIP in Calhoun and Van Buren counties.

Findings of this transportation conformity report are for transportation activities contained within the Kalamazoo – Battle Creek 1997 Ozone Limited Orphan Maintenance Area.

1.3 Attainment Status

On April 15, 2004, the EPA issued final designations of areas not attaining the 1997 ozone NAAQS. Calhoun, Kalamazoo and Van Buren counties were designated as a nonattainment area.

On May 16, 2007, the EPA redesignated the area attainment, approving and finding adequate motor vehicle emissions budgets for volatile organic compounds (VOC) and nitrogen oxides (NOx) for the year 2018. The area was placed into maintenance; this requires conformity emissions to be compared to the motor vehicle emission budgets contained in the SIP.

On July 20, 2012, the EPA designated all of Michigan as attainment for the strengthened 2008 ozone NAAQS.

On July 20, 2013, the EPA partially revoked the 1997 ozone NAAQS, revoking the requirement to do transportation conformity for areas that were in maintenance.

On April 6, 2015, the EPA completely revoked the 1997 ozone NAAQS, which resulted in removal of all transportation conformity requirements.

On April 23, 2018, FHWA began requiring areas in the country to conduct conformity if they were a maintenance area for the 1997 ozone NAAQS and attainment for the 2008 ozone NAAQS when the 1997 ozone NAAQS was revoked. This was to comply with the court's decision in South Coast II. The Kalamazoo – Battle Creek conformity area was one of these areas. Later, this was amended to require MPOs to have a conformity in place on Feb. 16, 2019, and conduct conformity going forward.

Calhoun County was designated Jan. 16, 2018, as attainment for the strengthened 2015 ozone NAAQS. On Aug. 3, 2018, the EPA designated both Kalamazoo and Van Buren counties as attainment for the 2015 ozone NAAQS.

On April 6, 2020, the limited (second) maintenance plan for the Kalamazoo – Battle Creek 1997 ozone NAAQS took effect (85 FR 13057). To be considered for a limited maintenance plan, the area must show the design value to be well below the NAAQS and unlikely to violate the NAAQS in the future. Areas with limited maintenance plans are not required to conduct emission modeling for conformity.

2.0 Metropolitan Transportation Plan or Long-Range Transportation Plan

The Metropolitan Transportation Plan (MTP), also referred to as a Long-Range Transportation Plan (LRTP), is developed by the MPO to establish a long-term transportation plan. An MTP is federally required for MPOs to receive federal funding and must provide a 20-year (or longer) horizon. Plans are required to be updated every four to five years. The purpose of the MTP is to assess future needs of the area's transportation system and set goals to meet those needs. The planning process can enhance quality of life by fostering the mobility of people and freight in an effective and safe method.

Findings of this transportation conformity report are for transportation activities contained within the conformity area.

3.0 Transportation Improvement Program

The TIP is a financially constrained four-year program covering the most immediate implementation priorities for transportation projects and strategies from the MTP.

The TIP identifies proposed projects developed by local agencies in accordance with the joint regulations of the FHWA and the FTA. These regulations establish the TIP as the programming phase of the overall continuing, comprehensive and cooperative planning process. This planning process includes local jurisdictions, transit agencies, and state and federal transportation officials.

The KATS, BCATS, and the rural STIP are developing new 2026 to 2029 TIPs. This conformity report is to ensure that the new TIPs in the maintenance area satisfies their obligation to the CAA. This analysis also includes both areas' MTPs. This report evaluates transportation activities contained in:

- KATS 2050 MTP,
- KATS 2026 - 2029 TIP,
- BCATS 2045 MTP,
- BCATS 2026 - 2029 TIP, and
- Rural STIP projects in Calhoun and Van Buren counties.

4.0 Transportation Conformity Determination: General Process

Per the court's decision in South Coast II, beginning Feb. 16, 2019, a transportation conformity determination for the 1997 ozone NAAQS will be needed in 1997 ozone NAAQS nonattainment and maintenance areas identified by EPA¹ for certain transportation activities, including updated or amended MTPs and TIPs and projects. FHWA/FTA made its initial 1997 ozone conformity determinations for this area on May 30, 2019. Conformity will now be required no less frequently than every four years. The current conformity determination report will address transportation conformity for the new 2026 - 2029 TIPs as well as projects in the KATS 2050 MTP and BCATS 2045 MTP as well as projects in the 2026 - 2029 rural STIP in Calhoun and Van Buren counties.

¹ The areas identified can be found in EPA's "Transportation Conformity Guidance for the South Coast II Court Decision," EPA-420-B-18-050, available at <https://nepis.epa.gov/Exe/ZyPDF.cgi?Dockkey=P100VQME.pdf>.

5.0 Transportation Conformity Requirements

5.1 Overview

On Nov. 29, 2018, EPA issued the Transportation Conformity Guidance for the South Coast II Court Decision (EPA-420-B-18-050, November 2018) that addresses how transportation conformity determinations can be made in areas that were nonattainment or maintenance for the 1997 ozone NAAQS when the 1997 ozone NAAQS was revoked but were designated attainment for the 2008 ozone NAAQS in EPA's original designations for this NAAQS (May 21, 2012). The area was designated attainment on Jan. 16 and Aug. 3, 2018, for the 2015 ozone NAAQS.

The transportation conformity regulation at 40 CFR 93.109 sets forth the criteria and procedures for determining conformity. The conformity criteria for MTPs and TIPs and projects includes latest planning assumptions (93.110), latest emissions model (93.111), consultation (93.112), transportation control measures (93.113(b) and (c)), and emissions budget and/or interim emissions (93.118 and/or 93.119).

For the 1997 ozone NAAQS areas, transportation conformity for MTPs, TIPs and projects can be demonstrated without a regional emissions analysis, per 40 CFR 93.109(c). This provision states that the regional emissions analysis requirement applies one year after the effective date of EPA's nonattainment designation for an NAAQS and until the effective date of revocation of such NAAQS for an area. The 1997 ozone NAAQS revocation was effective on April 6, 2015, and the South Coast II court upheld the revocation. As no regional emission analysis is required for this conformity determination, there is no requirement to use the latest emissions model, or budget or interim emissions tests.

Therefore, transportation conformity for the 1997 ozone NAAQS for the new 2026 - 2029 TIPs, the KATS 2050 MTP, BCATS 2045 MTP, and the rural STIP projects in Calhoun and Van Buren counties can be demonstrated by showing the remaining requirements in Table 1 in 40 CFR 93.109 have been met. These requirements, which are laid out in Section 2.4 of EPA's guidance and addressed below, include the latest planning assumptions (93.110), consultation (93.112), transportation control measures (93.113), and fiscal constraint (93.108).

5.2 Latest Planning Assumptions

The use of latest planning assumptions in 40 CFR 93.110 of the conformity rule generally apply to regional emissions analysis. In the 1997 ozone NAAQS areas, the use of the latest planning assumptions requirement applies to assumptions about transportation control measures (TCMs) in an approved SIP.

The Michigan SIP does not include any TCMs (refer also Section 5.4).

5.3 Consultation Requirements

The consultation requirements in 40 CFR 93.112 were addressed both for interagency consultation and public consultation.

Interagency consultation was conducted with KATS, BCATS, the Michigan Department of Transportation (MDOT), the Michigan Department of Environment, Great Lakes, and Energy (EGLE), FHWA, FTA, and EPA. A summary of the Michigan Transportation Interagency Workgroup (MITC-IAWG) meeting on April 7, 2025, and relevant interagency consultation correspondence related to this conformity is in Appendix A. Interagency consultation was conducted consistent with Michigan's conformity SIP.

Public consultation will be conducted consistent with planning rule requirements in 23 CFR 450. The Public Participation Plan adopted by the MPO policy committee establishes the procedures by which the MPOs reach affected public agencies and the public. The same procedures were followed for this document, ensuring the public has an opportunity to review and comment before the policy committee makes a determination.

A formal public comment period for this draft conformity report for KATS is April 16 – 30, 2025 and for BCATS April 16 – May 28, 2025. Public comments received and responses to those comments can be found in Appendix B.

KATS Policy Committee conformity determination: April 30, 2025

BCATS Policy Committee conformity determination: May 28, 2025

5.4 Timely Implementation of Transportation Control Measures

The Michigan SIP does not include any TCMs.

5.5 Fiscal Constraint

Transportation conformity requirements in 40 CFR 93.108 state that transportation plans and TIPs must be fiscally constrained consistent with the metropolitan planning regulations at 23 CFR part 450. The MTPs and 2026 - 2029 TIPs are fiscally constrained, as well as the STIP:

- BCATS 2045 MTP, Chapter 15 Financial Plan,
- BCATS 2026 - 2029 TIP, Financial Plan,
- KATS 2050 MTP, Chapter 10 Moving Forward,

- KATS 2026 - 2029 TIP, Financial Plan, and
- 2026 - 2029 STIP for Calhoun and Van Buren counties.

6.0 Conclusion

The conformity determination process completed for the KATS 2026 - 2029 TIP and 2050 MTP, the BCATS 2026 - 2029 TIP and 2045 MTP, and the 2026 - 2029 rural STIP for Calhoun and Van Buren counties demonstrates that these planning documents meet the CAA and transportation conformity rule requirements for the 1997 ozone NAAQS.

Appendix A: Meeting Summary of Interagency Workgroup

Meeting Summary
Michigan Transportation Conformity Interagency Workgroup (MITC-IAWG)
For the
Kalamazoo-Battle Creek Limited Orphan Maintenance Area
(Calhoun, Kalamazoo, Van Buren counties),
for
New 2026 - 2029 Transportation Improvement Programs (TIPs)
April 7, 2025

A MITC-IAWG was conducted by email, indicating four of the projects in the KATS MPO were non-exempt with all other projects in KATS, BCATS, and the rural STIP being exempt. A new conformity report will be required and requested concurrence. The MITC-IAWG agreed with the recommendations. Responses are listed below.

Agency	Name	Concur	No Response
<i>Required one response per agency</i>

Greetings IMITC-IAWG Members and Partners:

Kalamazoo - Battle Creek 1997 Ozone Limited Orphan Maintenance Area (LOIMAJ)
(Calhoun, Kalamazoo, and Van Buren Counties)

New 2026 to 2029 Transportation Improvement Programs (TIPs) are being developed for the KATS and BCATS MIPOs and the rural STIP.

The staff of each MIPO and MDOT for the rural STIP reviewed their projects and recommend the classification listed on the project.

- KATS list has four projects classified as non-exempt; all others exempt.
- BCATS list has all projects classified as exempt.
- Rural STIP list has all projects classified as exempt.

Non-exempt projects are highlighted in yellow and red text indicates abandoned projects.

Review the projects in the attached files and reply to this email with "concur" if in agreement with the recommendations. If not in agreement respond accordingly.

Please use "reply to all." **Responses due by on Monday April 14, 2025.**

Clarification or questions can be directed to me or the group.

Thank you for your participation,
Donna

Appendix D: Acceptance of the Transportation Conformity Determination Report

KALAMAZOO AREA TRANSPORTATION STUDY POLICY COMMITTEE

Minutes of the April 30, 2025 Meeting

CALL TO ORDER

The April 30, 2025 Policy Committee Meeting was called to order at 9:00 a.m. at Metro, in Kalamazoo, by Chairperson Aardema.

INTRODUCTIONS

Introductions were made by all present.

ROLL CALL

Meeting attendance was recorded on the sign-in sheet.

MEMBERS PARTICIPATING

Curt Aardema, Chair	Central County Transportation Authority
David Anderson	City of Kalamazoo
Nicole Beauchamp	Comstock Township
Jill Bland	Southwest Michigan First
Cheri Bell	Oshtemo Township
Rob Britigan	City of Parchment
Heather Bowden	Michigan Department of Transportation, Planning
Kerry DenBraber	Michigan Department of Transportation, TSC
Marsha Drouin	Richland Township
John Gisler	Kalamazoo County
Todd Hackenberg	Village of Lawton
Robert Henderson	Van Buren Public Transit
Jeff Heppler	Village of Augusta
Sherine Miller	Kalamazoo Township
Bryan Myrkle	Village of Paw Paw
Aditya Rama	Kalamazoo County Transportation Authority
Randy Smith	Brady Township
Jeff Sorensen	Cooper Township
Paul Sotherland	KATS Citizens' Advisory Committee
Cheng Kidd Sun	Western Michigan University
Don Ulsh	Schoolcraft Township
Jerry VanderRoest	Charleston Township
Bret Witkowski	Van Buren County Road Commission
Mark Worden	Road Commission of Kalamazoo County

MEMBERS ABSENT

Tim Frisbie	Village of Vicksburg
Pat McGinnis	City of Portage
Lisa McNees	City of Galesburg

OTHERS PARTICIPATING

Megan Mickelson	Kalamazoo Area Transportation Study
Elizabeth Rumick	Kalamazoo Area Transportation Study
Jon Start	Citizen
Steve Stepek	Kalamazoo Area Transportation Study
Ali Townsend	Kalamazoo Area Transportation Study

CHANGES OR ADDITIONS TO THE AGENDA

There were no changes or additions to the agenda.

APPROVAL OF THE AGENDA

Sorensen moved, and it was duly seconded by Heppler, **“to approve the agenda of the April 30, 2025 Policy Committee Meeting.”** MOTION CARRIED.

PUBLIC COMMENTS

No public comments were made.

CONSENT AGENDA

- ACCEPTANCE OF THE TREASURER REPORT
- ACCEPTANCE OF THE TECHNICAL COMMITTEE REPORT
- ACCEPTANCE OF THE SOUTHCENTRAL MICHIGAN PLANNING COUNCIL REPORT
- APPROVAL OF THE MINUTES FROM THE MARCH 26, 2025 MEETING

Anderson moved, and it was duly seconded by Smith, **“to accept and approve the items on the Consent Agenda.”** MOTION CARRIED.

DRAFT 2026-2029 TRANSPORTATION IMPROVEMENT PROGRAM

A link to the full project list on the Kalamazoo Area Transportation Study (KATS) webpage was included in the meeting packet. Stepek explained that the document represents six months of development and represents over \$120 million dollars in transportation investment over the next 4 years. All comments received over the public engagement period have been incorporated into the document. Stepek distributed a resolution from the appendix. KATS Staff and the Technical Committee recommend the approval of the document and for the Chair to sign the resolution on the Committee’s behalf. In response to Britigan’s inquiry, Stepek responded that illustrative projects are amended into the program if additional funding is received. Aardema added members of the public showed up for the engagement open houses.

Sorensen moved, and it was duly seconded by Heppler, **“to approve the 2026-2029 Transportation Improvement Program and for the Chair to sign on the Committee’s behalf.”** MOTION CARRIED.

TRANSPORTATION CONFORMITY REPORT FOR THE 2026-2029 TRANSPORTATION IMPROVEMENT PROGRAM

A link to the Conformity Report was included in the meeting materials. Stepek explained that this Conformity Report is the Air Quality portion of the 2026-2029 Transportation Improvement Program. It includes any comments received from the Inter Agency Work Group and the public. Kalamazoo Area Transportation Study Staff recommends approval of the document.

Sorensen moved, and it was duly seconded by Hackenberg, ***“to approve the Transportation Conformity Report for the 2026-2029 Transportation Improvement Program.”*** MOTION CARRIED.

TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENTS

Steppek reiterated that the 2026 Transportation Improvement Program (TIP) is locked down until October. Referring to the TIP Amendments in the meeting packet, Steppek explained that these three TIP Amendments are for 2025. All three are for transit. Two are for Metro and one is for the Michivan program which is administered by the state and assigned to the Metropolitan Planning Organizations. The Michivan service provides long distance carpooling and is subsidized by the state. Kalamazoo Area Transportation Study Staff and the Technical Committee recommend approval of the amendments.

Britigan moved, and it was duly seconded by Smith, ***“to approve the Transportation Improvement Program Amendments.”*** MOTION CARRIED.

FISCAL YEAR 2026 UNIFIED PLANNING WORK PROGRAM DRAFT

A link to the Fiscal Year 2026 Unified Planning Work Program (UPWP) Draft was included in the meeting materials. The UPWP is also available on the Kalamazoo Area Transportation Study (KATS) website KATSMPO.org. Steppek provided the information that the document represents the proposed budget and work activities for KATS for fiscal year 2026, starting October 1, 2025. Let KATS know of any questions or comments you have. Comments will be incorporated into the document. The UPWP will be brought back next month for adoption.

FISCAL YEAR TO DATE CONTRIBUTED SERVICE

Referring to the fiscal year-to-date March 2025 contributed service report included in the meeting materials, Steppek explained we are meeting the required program match. Steppek reminded attendees to continue to turn in timesheets.

PUBLIC TRANSPORTATION UPDATES

Rama reported that the Central County Transportation Authority (CCTA)/Kalamazoo County Transportation Authority (KCTA) Board heard proposals for \$200,000 worth of Americans with Disabilities Act (ADA) compliance improvements for the Kalamazoo Transportation Center (KTC). Improvements would include refitting of restrooms and brickwork. The Employee Handbook has been updated. Aardema provided further detail that the CCTA/KCTA Board approved the recommended 1.1 millage request planned for November. The Metro Link pilot program continues to evolve. Service is well utilized by Western Michigan University students. Further details of Metro Link and student use of the service were discussed. Related to ADA upgrades planned for the KTC, Gisler pointed out that this Metro conference room is not ADA compliant for people with hearing aids.

EXECUTIVE DIRECTOR’S REPORT

As stated in the memo included in the meeting packet, Steppek reminded attendees to let Kalamazoo Area Transportation Study (KATS) Staff know of any local PASER ratings you would like completed this summer, as well as pedestrian count locations. Toward the end of summer KATS will begin working on the next Metropolitan Transportation Plan (MTP). In response to Anderson’s inquiry, Steppek responded that KATS monitors all transportation and road funding legislation, and tracks updates, including developments on funding uncertainty. Witkowski stressed the importance of engaging with state representatives and senators to advocate for bipartisan transportation funding support. On the federal level, progress has

started advancing. Bowden added that there will be delays due to large staff cuts at the Federal Highway Administration (FHWA) and Region offices.

NEW BUSINESS

No new business was brought forth.

PUBLIC COMMENTS

No public comments were made.

MEMBER'S COMMENTS

Bowden from the Michigan Department of Transportation encouraged all attendees to remain patient amid significant staff shortages at the national level as noted earlier in the meeting.

Worden reported that road construction projects are underway at the Road Commission of Kalamazoo County (RCKC). Worden urged attendees to exercise patience driving in road construction zones to ensure the safety of workers. A recent crash in a Sprinkle Road construction zone was discussed. RCKC's Safe Streets For All (SS4A) federal grant project is moving forward.

Sorensen reminded attendees of the invitation to the Kalamazoo Chapter of the Michigan Township Association annual golf outing. It is scheduled for June 27, 2025 at Crestview Golf Club in Cooper Township. Sorensen highlighted the golf outing provides a way to build connections, develop relationships, and fosters a collaborative work environment across agencies. Sorensen provided further details about the outing. A flyer will be available next week. The final coat of asphalt was recently completed on the new Cooper Township building. With the exception of minor punch-list items, the project is complete. It came in approximately \$300 thousand dollars over budget.

Britigan cited the water main installation project as an excellent example of successful collaboration between agencies including the City of Kalamazoo and the City of Parchment.

Witkowski provided the Van Buren County Road Commission (VBCRC) report. PASER Ratings are underway. Several county road improvement projects are underway. The Palisades Nuclear Power Plant is scheduled to restart in October. Owner Holtec International plans to build two small modular reactors. There are currently no small modular reactors operational in the United States. In cooperation with Antwerp Township, VBCRC will be building a satellite branch there to improve equipment access. VBCRC received three awards at the annual County Road Association conference.

Gisler invited attendees to his monthly citizen's group meetings. A representative from the Palisades Nuclear Power Plant spoke at the April meeting. The small modular reactors are expected to take four to five years to get up and running and will significantly increase power output. There is no anticipated decrease in the cost of electricity since coal plants continue to be shut down. Gisler's May meeting will be held May 12, 2025. Contact Gisler for further information. The June meeting scheduled for June 9, 2025 will feature a retired military intelligence agent.

Heppler reported paving will begin today to finish the Washington Street bridge project in the Village of Augusta. Reopening will occur in the near future. Everyone will be invited to the ribbon cutting ceremony to be held at a later date. The Village of Augusta was awarded additional road funding from the Transportation Economic Development Fund (TEDF) Category B grant funding. Engineering has begun for this. Heppler expressed appreciation for the partnerships between agencies that has led to about half of the Village's roads being redone.

VanderRoest reported that tree clearing and rumble strip work has begun on the M-96 and G Avenue improvement project in Charleston Township. On 38th Street, a new experimental process was implemented, involving the application of 4 inches of material on top of old asphalt. The condition of the base will then be evaluated.

Sun thanked attendees for their support of the Western Michigan University Broncos first-ever NCAA Division 1 men's ice hockey national championship. Sun also thanked attendees for their support of the Western Michigan University dance team Division 1 women's Jazz National Championship.

Sotherland commended the Michigan Department of Transportation for their excellent work on the Berkley Street and West Main traffic signal project. Sotherland announced that Bikes in the Zoo will be Saturday, May 10, 2025 on the Kalamazoo Mall. Kalamazoo Area Transportation Study Staff will have a table at the event. Sotherland encouraged attendees to stop by. Sotherland stated that Ezra Klein's novel *Abundance* argues how American progress get vetoed because of regulations and required processes.

Bell thanked attendees, especially the Road Commission of Kalamazoo County (RCKC) , involved in the Drake Road traffic calming improvements near the Green Meadow neighborhood. Oshtemo Township will be funding the improvements. In June, Oshtemo Township will sign bonds for its sewer expansion project. A conditional award has been made. Construction is underway on M-43 and West Main. The Oshtemo Township Planning Commission approved its first rezoning for a 40-acre parcel next to the old Westside Medical Center. Oshtemo Township is collaborating with Kalamazoo Township and the City of Kalamazoo on West Main Street development. Progress on a pedestrian path over railroad tracks on Drake Road have been delayed due to coordination challenges with Amtrak. Further discussion ensued regarding the project, long delays, and contacts. Oshtemo is partnering with the RCKC for improvements to Erie and Atlantic intersections along 9th Street.

DenBraber had to leave the meeting early but she provided the following Michigan Department of Transportation (MDOT) update for the minutes. US-131 BR tree removals are completed along with the jack and bore culvert (18" and 36") work. MDOT is working on the abutments for the structure over US-131 BR. The M-43 West Main Oshtemo Township tree clearing is complete. Watermain work is ongoing. Portions of the lane, curb, and sidewalk (north side) have been removed. Both abutment slope walls are completed on the US-131 over KL Avenue/Amtrak project. Setting of the northbound bridge beams are planned this week. Signing from US-131 to Rambling Road starts August 8, 2025 for the I-94 BL/Stadium Drive project.

ADJOURNMENT

There being no further business, Chairperson Aardema adjourned the meeting at 9:53 a.m.

The next meeting of the Kalamazoo Area Transportation Study Policy Committee will be held on Wednesday, May 28, 2025 at 9:00 a.m.

Approved 5/28/25 (er)

BATTLE CREEK AREA TRANSPORTATION STUDY

601 Avenue A - Springfield, MI 49037 - 269-963-1158 - bcats@bcatsmpo.org

Resolution #25-30

Resolution to Accept the Transportation Conformity Determination Report for the 1997 Ozone NAAQS for the Kalamazoo-Battle Creek Limited Orphan Maintenance Area for the Battle Creek Area Transportation Study

WHEREAS, per the decision in South Coast **11**, beginning February 16, 2019, transportation conformity determinations for the 1997 ozone national ambient air quality standard (NAAQS) will be needed for those areas that were maintenance areas when the 1997 ozone NAAQS was revoked and then attainment for the 2008 and 2015 NAAQSs, referred to as "orphan" areas; and

WHEREAS, in November 2018, the United States Environmental Protection Agency (EPA) promulgated guidance to assist in implementing the court decision in South Coast II, providing the requirements to demonstrate transportation conformity for areas that were "orphan" areas; and

WHEREAS, the EPA designated the Kalamazoo-Battle Creek non-attainment area of Kalamazoo, Calhoun and Van Buren counties as a maintenance area for the 1997 ozone NAAQS in May 2007 and attainment in July 2012 for the stricter 2008 ozone NAAQS and in January 2018 for the 2015 ozone NAAQS and in April 2020 created a limited second maintenance plan for the 1997 ozone NAAQS; and

WHEREAS, the Kalamazoo-Battle Creek **M** maintenance area is deemed an "orphan" area, and the Battle Creek Area Transportation Study (BCATS) is wholly contained in the Kalamazoo-Battle Creek limited orphan maintenance area; and

WHEREAS, the Battle Creek Area Transportation Study (BCATS) is the designated Policy Committee and Metropolitan Planning Organization for the Battle Creek, Michigan urban area; and

WHEREAS, the conformity of BCATS' FY 2026-2029 Transportation Improvement Program (TIP), including the 2045 Metropolitan Transportation Plan, will be pending approval by the Federal Highway Administration after local action on the conformity report by the Battle Creek Area Transportation Study;

NOW THEREFORE BE IT RESOLVED, that the Policy Committee of the Battle Creek Area Transportation Study accepts the conclusions of the Transportation Conformity Determination Report for the 1997 Ozone NAAQS for the Kalamazoo-Battle Creek limited orphan maintenance area for the FY 2026-2029 Transportation Improvement Program (TIP) and the BCATS 2045 Metropolitan Transportation Plan; and

BE IT FURTHER RESOLVED, that the Transportation Conformity Determination Report for the 1997 Ozone NAAQS for the Kalamazoo-Battle Creek limited orphan maintenance area demonstrates that these planning documents meet the Clean Air Act and Transportation Conformity rule requirements for the 1997 ozone NAAQS to conform to the State Implementation Plan as required by provisions of Title 40 CFR 51.390 and 93 Subpart A, and the South Coast II decision.

Mallory Avis, Vice Chairperson
Battle Creek Area Transportation Study Policy Committee

Date: May 28, 2025

Adopted by the Battle Creek Area Transportation Study Policy Committee at its meeting of May 28, 2025
